You are the First Mate of the Royal Navy Ship of the Line Triton. You are on patrol in the Mediterranean, mostly between Spain and Corsica, in this year of our Lord 1705 fighting France and Spain to place Archduke Charles of Austria, on the throne of Spain instead of the Bourbon Philip, Duke of Anjou.

As First Mate you are second in command. Your duties include signing sailors onto the ship, assigning duties, performing administrative tasks, and keeping discipline, though the latter is usually handled by the Master-At-Arms and the First Officer.

You receive three shares of any prize moneys for captured enemies.

Don Juan: A character who is a Don Juan will have great difficulty resisting beautiful women. Such a character may fight duels over women he doesn't even know, rescue ladies in distress, no matter the odds, and flirt shamelessly.

Shipboard Weapons: Includes daggers, cutlasses, and longwords. Depends heavily on cuts and slashes. Receive +1 bonus to hit when using slash attack.
